

Make your own Living Legacy cards!

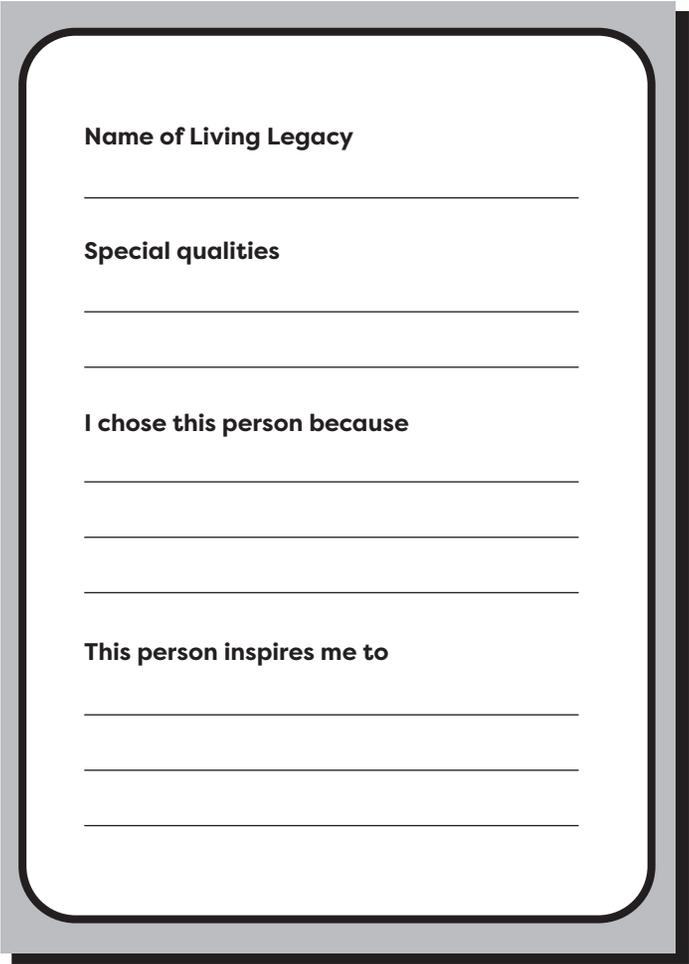

Instructions

1. **Think of a family member, friend, or person** in your school or neighborhood who is special because that person helped you or someone else, like doing something good for your school or neighborhood. The person may have even encouraged you to do something good. This is the person you will honor by making a Living Legacy card about them. If you've printed our template to use, skip to step 5.
2. **Get two pieces of paper**—any color is fine as long as you can write on it.
3. **Draw a rectangle on each piece of paper.** If you have a ruler, measure the parallel sides so the long side is 6 inches and the short side is 4 inches; otherwise, you can estimate.
4. **Cut out both rectangles.**
5. **On one rectangle (the front side), draw a picture of the person and add their name.** If you have a photograph of the person, you can use that instead. Decorate it with symbols that describe that person (such as their special qualities or their job.)
6. **On the other rectangle (back), add the following:**
 - The person's name
 - The person's special qualities
 - What specifically made you choose that person
 - How the person inspires you to do something positive for others
7. **Tape both sides back-to-back and your card is done!**
8. **Have an adult help you post a photo or video** of your Living Legacy card on social media and tag [@JRFoundation](#) on Twitter and Instagram or [@JRF42](#) on Facebook.
9. **Design as many cards as you want,** then trade with your family members and discuss who you chose.
